

When You Are Around (Petra Vlková, Miroslav Linka / Petra Vlková)

When you are around, my friend
I feel you do listen, understand
In your eyes I can't see judgments of any kind
So I open up, loosen my mind

I flow like a river, I blow like the wind
High in the clouds, down with the streams
But I never cause any harm
But I never, I don't have any fear
When I'm tired I can rest in your arms
When I'm tired I can feel that you're near
You do always set my way obstacles free

Just when I need you most you're there
When I'm trying to sort out all the mess in me
Than with no guide or help I find
The way back to myself myself
