

Will I Ever Know (Petra Vlková, Miroslav Linka / Petra Vlková)

Much too soon or much too late
When to go, how long to wait
Whom to give and what to take
Expose what's real or play the fake

Why behave, why not to tease
Push real hard or sway with ease
Beg and screw or let them breathe
Swallow it all or use the teeth

Will I ever know...

Half the way or down to the ground
Shout out loud or suppress the sound
„Hm... maybe“ or „Yes, for sure“
„Once again“ or „Not, no more“

Let them take the lead or make follow you
Share the silence or the points of view
Open the case, just close the door
Shut up or state what you're hoping for

Will I ever know...

CHORUS

Will I ever know
Will I will I will I will I
Will I ever know
Oh I don't know I don't know, no

On the road, in the move
Restless, that's my groove
The two feet of mine, yeah, they want to run
Speeding up, well that's a real fun

One by one is left behind
Hungry for what I can find
Will it fill me up, will it make me shure
Silence, don't wanna ask no more

Will I ever know

CHORUS
